The background of the slide features a large, semi-transparent seal of the United States Air Force. The seal is circular with a white border containing the words "UNITED STATES" at the top and "AIR FORCE" at the bottom. In the center of the seal is an eagle with its wings spread, perched on a shield. Above the eagle are three stars. The seal is set against a dark blue background with a subtle pattern of stars and stripes.

The Air Force is not an employment agency. The Air Force exists to fight and win wars that's our core expertise. It's what allows us to be called professionals. We're entrusted with the security of our nation. The tools of our trade are lethal, and we engage in operations that involve risk to human life and untold national treasures. Because of what we do our standards *must* be higher than those of society at large. The American public expects it of us and properly so. In the end, we earn the respect and trust of the American people because of the integrity we demonstrate.

**December 22nd, 1944**

**To the U.S.A. Commander  
of the encircled town of Bastogne.**

**The fortune of war is changing. This time the U.S.A. forces in and near Bastogne have been encircled by strong German armored units. There is only one possibility to save the encircled U.S.A. troops from total annihilation: that is the honorable surrender of the encircled town. In order to think it over a term of two hours will be granted beginning with the presentation of this note. If this proposal should be rejected one German Artillery Corps and six heavy A.A. Battalions are ready to annihilate the U.S.A. troops in and near Bastogne. The order for firing will be given immediately after this two hours' term. All the serious civilian losses caused by this artillery fire would not correspond with the well known American humanity.**

**The German Commander.**

**NUTS?** Is this affirmative or negative?

**My unit is ready to save that magnificent man!!!**

**Almighty and most merciful Father, ... Grant us fair weather for Battle...**
